

Anurag K. Srivastava

Associate Professor, Electrical Engineering
School of Electrical Engineering and Computer Science

Steering Committee Member
Energy Systems Innovation Center

Director
Smart Grid Demonstration and Research Investigation Lab (SGDRIL)

Education:

- Ph.D., Electrical Engineering, Illinois Institute of Technology, 2005
- M. Tech, Electrical Engineering, Indian Institute of Technology, 1999
- B. Tech, Electrical Engineering, Harcourt Butler Technological Institute (India), 1997

Research Areas:

- Phasor Measurement Based Analysis
- Microgrid and Distribution Automation
- Real Time Modeling and Analysis of Cyber-Power System
- Operation and control of Smart Electric Grid
- Integration of Distributed Resources
- Electricity Market
- Engineering Education

Professional Experience:

- Assistant Research Professor, Mississippi State University, 2005–2010
- Research and Teaching Assistant, Illinois Institute of Technology,
- Senior Research Associate, Indian Institute of Technology
- Research Fellow, Asian Institute of Technology

Professional Recognition/Service:

- Chair, IEEE PES Career Promotion Subcommittee
- Vice-chair, IEEE PES Student Activities Subcommittee
- Co-Chair, IEEE PES Microgrid Working Group
- Vice-Chair, IEEE PMU Conformity Assessment Committee
- Senior Member, IEEE
